### 1. Executive Summary

The Club House Business Plan has been created to support Chichester Community Development Trust's (CCDT) management proposal for the new build multipurpose hall and changing facility, play area and sports pitches (football and cricket) at Shopwyke Lakes, Chichester. The Plan covers the management, organisational and operational procedures required to manage the facilities.

The Board of Trustees, Steering group and staff team have a clear vision for the Club House, which has been achieved through community consultation and through robust business modelling and forecasting. It is based on the delivery of successful, vibrant and sustainable facilities at Graylingwell Park and Roussillon Park and the design of facilities at Keepers Green in Chichester. With the support of all key stakeholders and the identified need for modern facilities in the locality there is little doubt that that the Club House will not only provide a high quality space for local residents, as well as other groups and individuals, but also the required level of income to be sustainable. Through consultation with the users and being responsive to feedback, CCDT will be able to continue to meet its charitable objectives whilst developing the space over the years to maintain its use and financial viability.

### 2. About the Organisation

Chichester Community Development Trust (CCDT) is a community enterprise, an organisation that trades for social purpose with profits reinvested, and was established in 2009 to deliver social and environmental benefits:

- To own, manage and maintain community facilities for the public and/or those who, by reasons of their youth, age, infirmity or disablement, poverty or social and economic circumstances, need such facilities.
- To create training/ employment opportunities by providing workspace/ buildings/ land on favourable terms.
- To advance education, training and retraining, particularly among unemployed people
- To promote public safety and the prevention of crime.
- To develop the capacity and skills of the members of the community in such a way that they are better able to identify, and help meet, their needs and participate more fully in society.
- To develop, encourage, foster and promote the physical, economic and social development and regeneration of the area by building partnerships with organisations with similar aims.
- To protect or conserve the environment.

CCDT is located in Chichester on the Graylingwell Park estate, an area of mixed social and private housing. CCDT delivers programmes and activities to support community cohesion and to those:

- seeking self employment
- in low income families
- new residents moving into the area looking to become involved in their new community
- facing social isolation
- young people to provide positive activities.

CCDT works with local businesses, individuals and the statutory and voluntary sectors to offer good quality new and refurbished community venues to hire. The community engagement activities include welcome events, quiz nights, community café, internet cafes and self-employment programmes funded through core funding from the surplus made from CCDT's community buildings, grant funding and s106 planning contributions. CCDT also seeks external funding to deliver other programmes including a weekly youth club, purple bus project and other youth projects. A total of £1,918,271 has been raised to date from grants, consultancy work, contracts, trusts and foundations, which has enabled CCDT to deliver innovative and far-reaching new projects and services.

### **KEY ACHIEVEMENTS IN 2018/2019**

- April 2018 The Lodge celebrates its third year and achievements
- June 2018 The Community Hall, Roussillon Park, celebrates its fourth year and achievements
- September 2018 Voluntary Sector Hub and co-working space opens at the Water Tower
- September 2018 The annual residents' BBQ and CCDT AGM is held at the Water Tower
- December 2018 Bid submitted to the Heritage Lottery for Heritage at the Heart (HHG) of Graylingwell Project at Graylingwell Chapel
- December 2018 Planning permission and listed building consent is received for Graylingwell Chapel

### **KEY ACHIEVEMENTS IN 2018/2019**

- 5760 people attended events and activities
- 4938 hours of room hire delivered
- 1714 bookings delivered
- 97 residents accessing room hire for family celebrations
- 25 organisations supported to access community facilities
- 33 individuals supported to establish new services
- 29 CCDT-led activities delivered
- 5 CCDT weekly courses delivered
- 26 active volunteers
- 237 volunteer sessions/opportunities delivered
- 5027 volunteer hours
- 1 job created
- 833 likes on our Facebook page
- 1352 followers on Twitter

### 3. Development of the Project

The proposed Club House will be a community asset owned and managed by CCDT and hired to Little Learners preschool and nursery who will expand their provision from Graylingwell Park into this locality from 8:00am to 3:00pm term time only as well as community groups, charities, individuals and used for community engagement activities and services.

CCDT will assume responsibility for the management and operation of the Club House. CCDT will strive to make optimum use of the facilities to enrich the lives of local residents, to foster social inclusion and to encourage participation in the life of the local community.

By assuming responsibility for the building, CCDT will be working to fulfil its charitable aims in a tangible and accessible space "to create a thriving and sustainable community for the benefit of all who live, work and study in Chichester".

The CCDT will actively seek to develop strategic partnerships and opportunities for joint working with other stakeholders and interested parties and will directly involve the wider community in the running of The Hub and in determining its overall direction. The size of the local population and its demographic profile clearly call for a community facility of the size and quality provided by the proposal and as outlined in this plan. The location of the Club House is well-served by both public and private transport. New footbridge links will ensure good access to the city centre and retail and leisure facilities. CDC audits and third sector research has identified a wide-ranging demand for facilities in the area.

The Club House will generate an income stream sufficient to cover the running costs of the building and the sports pitches associated running costs. This income and expenditure is based on our history and experience of running similar size and scale facilities over the past 5 years.

The Club House facilities and pitches will offer a meeting space for local groups, charities, organisations and agencies that serve the needs of local residents. It will also offer space to those organisations not currently delivering in Chichester who are looking to find satellite spaces as well as offer a home to Little Learners, the pre-school. A facility of this kind is crucial to allow services to deliver the projects and to integrate the new occupants in the local area as new housing phases are released and occupied. We are working with the neighbouring parish of Westhampnett who are launching their new facility in November 2019 to ensure the facilities are not in competition but instead enhance the provision locally. Delivering a building that can accommodate an affordable preschool for the many families already living at Shopwyke will provide an essential service and facility in this area. We are working with the housing association and sales team at the development who are also supportive of this approach.

We have been working with Carla Homes since February 2019 who have been developing plans and designs for the provision and who are building this facility on behalf of Hanbury Properties. We have had input into the internal layout of the facility to ensure it is fit for the purpose described in this plan and meets the needs of residents and the wider community. This input is based on our experience of managing community facilities locally and from visits to other facilities across the district, region and further afield.

### 4. Strategic Background

The primary motivation behind CCDT's ambition to own and manage the Club House is its wish to provide a well located, thriving community space which will improve the quality of life for the whole local community by seeking to promote the aims of CCDT and provide activities that promote: education and training, the Green agenda, personal development, healthy lifestyle, well-being, community engagement, empowerment and social inclusion.

To achieve these aims the CCDT will operate the space as a multi-purpose resource.

- 4.1 Voluntary organisations and charities will be encouraged to use the building for delivering one to one and out of hours support. The Club House will allow organisations to expand their delivery and reach.
- 4.2 CCDT will be actively encourage volunteers to take part in the running of the Club House, to promote community engagement and associated activities; the CCDT will also encourage those groups which make use of its facilities to enlist the service of volunteers.
- 4.3 It is the belief of the CCDT that the Club House will be self-financing. Through careful management and pro-active marketing the space available has the capacity to generate an income stream sufficient to cover the running costs.
- 4.4 The Club House will be available seven days a week.
- 4.5 An effective communications strategy will ensure that the local community is kept informed of developments and will encourage public participation. It will also seek to identify those groups and individuals who will be willing to work with the CCDT in delivering a successful outcome.
- 4.6 Once any immediate issues have been resolved, then practical steps will be taken to ensure that the space will function appropriately. Volunteers will be appointed to support with the smooth running of the facilities and land and ensure its successful operation; additional equipment computers, software, furniture etc. will be purchased and installed. Management accounts will be created. Entertainment/ music licences will be acquired. Health and safety requirements will be implemented to meet the needs of the facilities available and enrolling new users will begin.
- 4.7 Once the staff and infrastructure are in place, the CCDT will begin operations. Take-up will increase in line with the marketing strategy. A launch event will take place.

# 5. Project Details

5.1 The following table describes the timetable for the project – the detailed GANNT charts detail the delivery phase of the project:

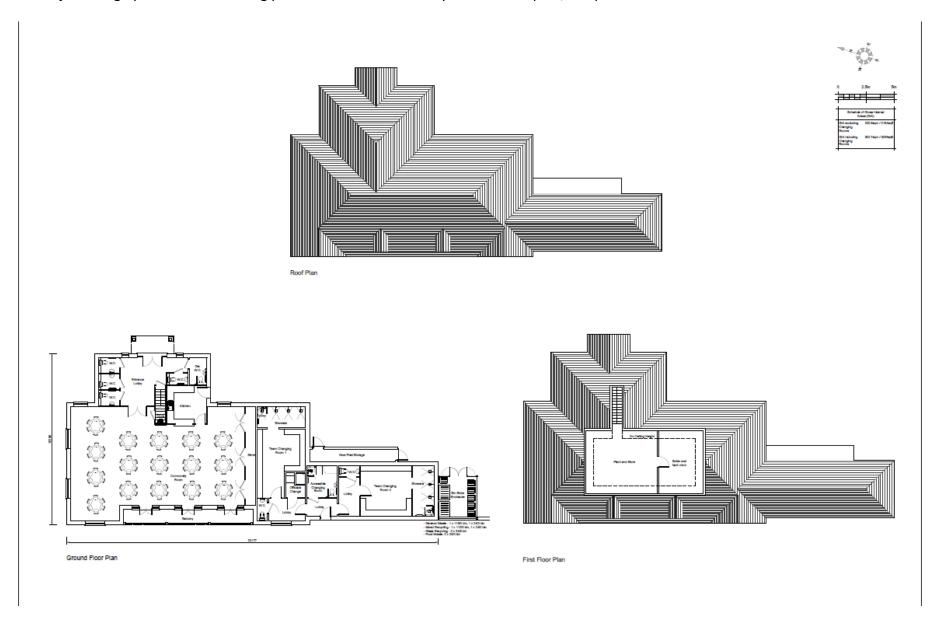

| Item           | Description   | Contractor    | Date       | Completed |
|----------------|---|---------------|------------|-----------|
| Specification  | Spec for building agreed  | CCDT          | 01/03/2020 |           |
| Inspection     | Site visit to agree & Fixtures/Fittings                         | CCDT          | 01/09/2020 |           |
| Fit out        | Fit out   | Carla         | 01/09/2020 |           |
|                |   | Homes/Hanbury |            |           |
|                |   | properties    |            |           |
| Landscaping    | Landscaping and car parking                                     | Carla         | 01/10/2020 |           |
|                |   | Homes/Hanbury |            |           |
|                |   | properties    |            |           |
| Asset Transfer | Shopwyke Lakes Club House transferred to CCDT as freehold asset | CCDT/ Carla   | 01/12/2020 |           |

# 5.3 Project design plans - The following plan details the internal layout and floorplan/footprint Club House:

# 5.4 The following plans show the elevations of the building:

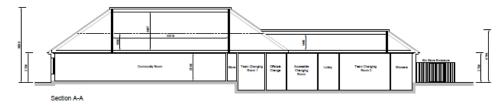

# 5.5 The following plans detail the side elevations of the clubhouse:

# 5.6 The following plans detail the sports facilities and play area at the facility:

### 6. Market Appraisal

The market appraisal has been produced based on the following key assumptions:

- The marketing strategy will seek to attract business users to hire the Club House and will promote the use for private receptions and functions.
- Voluntary organisations and charities will be encouraged to use the Club House for fundraising events.
- In operating, the proposed facilities CCDT will seek to develop partnerships and opportunities for joint working with other local organisations and groups including Westhampnett Village hall, Chichester Families Centre and Nursery, CDC, Chichester University, Chichester College and Oving Jubilee Village Hall.
- CCDT will be actively encouraging volunteers to take part in the running of the Club House to promote community engagement and associated activities, CCDT will also encourage those groups which make use of its facilities to enlist the service of volunteers.
- It is the belief of CCDT that the building will be self-financing. Through careful management and pro-active marketing, the space available has the capacity to generate an income stream sufficient to cover the running costs.
- The Club House will be available seven days a week

### 6.1 Facilities and Pitch Hire

In addition to delivering, the programme of CCDT activities and events the Club House will provide a venue for room hire and private hire to ensure it is sustainable and can fully achieve the income targets.

The Club House will be available for:

- Little learners preschool and nursery: offering affordable childcare from 8am to 3pm every day term time only.
- Education and training: As well as being able to provide facilities for learning organisations (Chichester University, Chichester College and Aspire etc.), CCDT will also seek funding to deliver courses and programmes in house at the Club House. The space will also be made available to local housing association providers to deliver its programmes specifically for tenants including back to work programmes, financial inclusion projects and family learning activities.
- Private functions: The Club House will offer a venue for family parties and gatherings.
- Social activities: The Club House will offer an environment for social activities and social contact for all groups within the local community. The main hall area will provide a focal point for social activities. It will serve as a meeting place for local residents and for community forums, a place where people will become inspired to try new things and discover how they can become more directly involved in their community.
- Leisure pursuits: Chichester is host to a large number of clubs and societies many of which are struggling to find appropriate and affordable premises in which to operate. The proposed space will provide an area where these activities can thrive and develop, and new groups can also be supported in their start-up phase.
- Information centre: The Club House will act as a local information point providing details of local groups, activities and services. Their noticeboards will provide publicity for forthcoming events and meetings.

### 6.3 Key strengths of CCDT

- Community development is a crucial area of work for the CCDT and an experienced and well-respected staff team establish, broker and deliver a range of community activities, projects and events. These include annual strategic events including the summer garden party as well as weekly drop in coffee mornings, training and education programmes and youth programme.
- Business development has to date been successful with the CCDT securing a number of external grants, contracts and consultancy work. The CCDT has been called upon by other organisations to share good practice and experiences and establish community development projects and support other communities outside its locality.
- The CCDT is furthering its skills in asset management and the development of a number of social enterprise ideas and projects. With the help of outside support agencies and experts in their field including Locality and Shared Assets CCDT is positioning itself to ensure a smooth handover during the asset transfer process.
- The CCDT is pursuing projects and external funding to secure economic development in the community it serves. Through the development of business planning ideas for the land (Havenstoke Park and Club House Green) and a number of the fixed assets (the Club House Artists' Studios and Sales office) the CCDT will ensure that a thriving and sustainable community is developed, supported and maintained into the future.
- The CCDT has a number of effective and well developed partners that include those who fund the CCDT as well as partners who offer advice, support and joint project delivery. These include Linden Homes, Clarion Housing Group, Zero C, The Hill Group, Chichester District Council, Chichester City Council, Pallant House Gallery, WS Records Office, The University of Chichester, St Pancras Church and West Sussex County Council.

### **6.4 SWOT Analysis**

### Strengths

- The CCDT has support within the community and a proven track record of owing and managing community facilities.
- Successful set up and start-up of the Community hall at Roussillon Park and The Lodge and Water Tower at Graylingwell Park
- Successfully design and business management of the new facilities due to transfer to CCDT in November 2019 at Keepers Green including the Lodge, Community Garden, play areas and cricket pitch
- Tried and tested booking procedures and hire agreements in place
- The premises are located in walking distance of the city centre and there are good transport links and new footbridges planned for the development
- As a community body the CCDT attracts support and volunteers

### Weaknesses

 Within a residential development therefore noise and activities will need to be monitored and usage reviewed

### **Opportunities**

- Managing the Club House will enable the CCDT to increase the range of services which it provide.
- Further new developments adjacent to the Shopwyke Lakes development including Redwood homes (New Fields, Chichester) and Tailor Wimpey.
- The CCDT has strong partnerships with local agencies, organisation and providers

- Volunteers are keen to take an active role keeping the premises clean and tidy, providing operational cover, thus reducing the running costs of the space.
- Opportunities for external funding The successful operation of the space will mean that the CCDT would be well placed for managing any community facility

### **Threats**

- Economic recession
- Changes to the priorities of organisations fund external venue hire
- Established local competition Oving Jubilee Village Hall
- New facilities at Westhampnett community hall
- Existing nursery provision at Woodpecker Day Nursery and Pre School

# 6.5 PESTLE - Political (P), Economic (E), Social (S), Technological (T), Legal (L) Environmental (E) Political

- Cuts to public sector organisations reduction in hire budget for outside training/away days etc.
- Brexit implications and unknown factors

### **Economic**

- Possible recession affecting business and knock on effect to external hire budgets
- Competitors offering low cost hire
- New facilities available locally
- Rising unemployment and household budget cuts will affect the ability of individuals to pay for venue hire

### Social

- Unemployment rising opportunity for back to work and personal development courses at the centre
- Provides a space for the whole community to come together and build as a new and emerging community

### **Technological**

 Technology is used to improve efficiency in providing online booking system but requires investment and time

### Legal

VAT implications

### **Environmental**

 Furniture and equipment will be sourced through recycled and up-cycled suppliers including Edu-Care

### 7. Financial Appraisal

The structure of finance for the CCDT is the most important element in determining its ability to be viable in both the short and the long term. It is crucial that the mix of assets both community based and commercial, and the split between buildings and land, ensure the future viability of the Trust. CCDT has in place systems and controls that will monitor the movement of monies into and out of the organisation. Through external audits and related trails, income and expenditure can be verified. A summary of the income and expenditure is reported to the Annual General Meeting through the Annual Report and Accounts. Given the social, environmental and economic benefits anticipated from the operation of the community facilities and CCDT's activities, it will be useful to set a culture from the beginning of recording and reporting on the "triple bottom line". Whilst full social audits can be expensive, there are practical ways to plan, record and report on the social, environmental and economic benefits of the organisation particularly if considered from the beginning.

The CCDT currently has/will have the following income streams from a wide range of sources:

- S106 contributions
- Letting and/or sessional use of community rooms and meeting rooms within the main building and facilities
- User charges for activities provided directly by the Trust
- Resident Levy at Graylingwell Park, Roussillon Park and Keepers Green- The charge is currently £50/property irrespective of tenure and index linked.
- Interest on reserves

Expenditure will fall under three main headings:

- Core Infrastructure costs for the CCDT staff and operations including office/desk space, insurances, membership and business rates
- Facilities Management including maintenance, operations and sinking funds of the community buildings and facilities
- Project costs for delivery of activities and services including community development activity and events.

The key to long-term viability is for the Trust to utilise the land and buildings and to ensure it can yield a healthy annual return. A complementary mix of commercial and community uses for those assets transferred to the Trust will ensure that core costs and community development work is supported and the Trust is sustainable long after the s106 contributions have ended.

**7.1 Budget**The following budget details the income and expenditure for the first year of trading:

|                                |        |        | Mar-  |        | May-  |        |        |        |        |        | Nov-  |        |        |
|--------------------------------|--------|--------|-------|--------|-------|--------|--------|--------|--------|--------|-------|--------|--------|

### 7.2 Value Added Tax

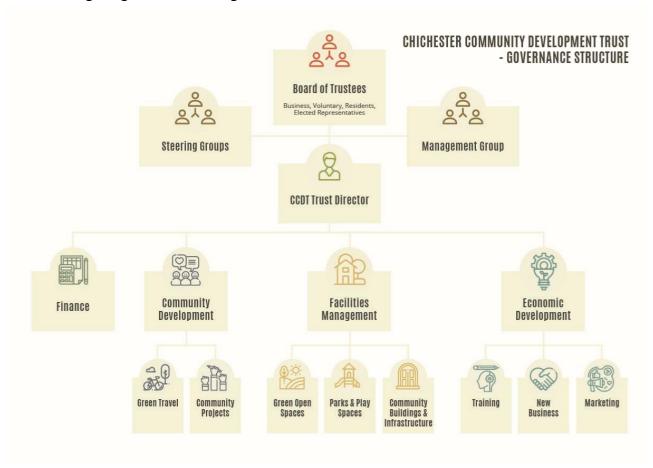

The operational activities for the charity as they currently stand and those described in relation to the Club House do not appear to result in a taxable supply for VAT purposes for the charity (CCDT). In the absence of any taxable supply, the CCDT is not able to register for VAT voluntarily and would not be subject to compulsory registration. This means that the charity does not have taxable supplies against which it can claim its input VAT. Therefore, it will be critical that as far as possible the input tax position is minimised especially with respect to building works on the properties.

### 8. Governance, Management and Staff

### 8.1 Governance

The CCDT is a community owned and led organisation, a registered charity and company limited by guarantee founded in October 2009 that has a membership model of governance and local control. The CCDT may admit to membership any person resident in Chichester and any local authority, firm, corporate body or unincorporated association working or with an interest in the area of benefit who applies to the Charity. The CCDT is managed by a Board of nine Trustees; it has a local staff team (3.7 FTE) and is supported by a team of 27 committed local volunteers. The board of trustees are local residents, from local business and are service users of the CCDT. The management group is formed of local stakeholders, partners and hirers. Employment opportunities and volunteer placements are all recruited locally through networks, job centres and local press. The CCDT members inform and vote on all Board appointments and any special resolutions. We connect with our service users through the delivery of activities, courses, support services, social media campaigns, welcome meetings and open days. We worked with over 80 local businesses and organisations including small business start-ups and local residents in the last year. The needs of the community are researched and evidenced on an ongoing basis so an appropriate programme of delivery can be delivered to meet these needs. Customers, stakeholders, partners and staff are encouraged to share their views through evaluation and surveys to help shape the delivery of programmes and projects of the organisation.

The following image describes the governance structure at the CCDT:

## **8.2 Project Management**

Overall project responsibility and sign off of the Club House and facilities resides with the CCDT Trustee Board that meets quarterly throughout the year. The CCDT Management Group deals with resources and facilities within the organisation and meets bi monthly.

The CCDT Trustee Board comprises:

| Name                       | Background and experience  |
|----------------------------|--|
| Phil Miles                 | Chair of Trustees - Responsible for all aspects of governance and    |
| (Chair)                    | management of the CCDT. Phil has worked in the social housing        |
| Director of Regeneration & | sector for 18 years and is currently Director of Regeneration &      |
| Communities, Clarion       | Communities for Clarion Housing Group (formally known as             |
| Housing Group              | Affinity Sutton Housing Group), the current housing provider of      |
|                            | social and affordable housing in England. He is responsible for      |
|                            | Community Investment programmes across the country including         |
|                            | initiatives to help people into work and training, tackle debt and   |
|                            | poverty, and build communities. Phil has degrees from Bristol        |
|                            | University and the London School of Economics.                       |
| Matt Parsonage             | Matt has worked in the Social Housing Sector for the last eight      |
| Head of Neighbourhood      | years, having formally worked in the urban regeneration field        |
| Investment, Clarion        | during the "glory years" (in terms of funding!) of New Labour. He    |
| Housing Group              | gained a Masters from the University of Westminster during his       |
|                            | time working on the New Deal for Communities programme. His          |
|                            | specialisms include neighbourhood regeneration and community         |
|                            | engagement – just two themes of which he currently puts theories     |
|                            | into practice in his role of Head of Neighbourhood Investment at     |
|                            | Clarion Housing Group.   |
| Tim Morgan                 | Trustee - Tim has lived in Chichester since 1974 and worked as a     |
| Chichester Resident        | Chartered Engineer in the aerospace industry and the academic        |
|                            | world before retiring. He has gained a detailed knowledge of the     |
|                            | Club House and volunteers to maintain the building and is a          |
|                            | founding member of the steering group. He is a licensed Reader in    |
|                            | the Diocese of Chichester and is also involved in the development    |
|                            | of two schools and an orphanage in the Kibera slum in Nairobi.       |
| John Eagles                | John has lived in Chichester since 1987 and worked as accountant     |
| Resident Graylingwell Park | dealing with local government and police finance before retiring in  |
|                            | 2014. He moved onto Graylingwell Park in 2015 and has served on      |
|                            | the Graylingwell Park Residents Association since then. John is      |
|                            | interested in seeing the Graylingwell Park area develop but being    |
|                            | sensitive to the history and heritage of the site. John and his      |
|                            | partner Susannah enjoy the theatre, walking and spending time        |
|                            | with family and friends.   |
| Pam Dignum                 | After a teaching career in London and the north, Pam has been        |
| Chichester Resident        | very involved in Chichester life. After a long interest in politics, |

| Cllr Richard Plowman                           | current events and community affairs, she served as a school governor. In 2007 she was elected to the city council, serving 8 years on the Community affairs committee, working with residents' groups and for the Information Shop for Young People. She was Bailiff of the city in 2009-2010. She has also been involved in work for older people.  She was elected to the District council also in 2007, serving first on Licensing then Planning and now mainly on the Overview and Scrutiny committee. She is a Trustee of Pallant House Gallery and the Oxmarket Gallery. Pam joined the CCDT at its inception in 2009 as District Council's rep, and is enthusiastic over this great community project.  Cllr Richard Plowman is a city and district councillor and was |
|--|--|
| Chichester Resident and elected representative | appointed to the CCDT board of Trustees in June 2019   |
| Sue James<br>Resident Graylingwell Park        | Sue was formerly a Trust Chief Executive who worked at CE level for almost 20 years before retiring from executive work in December 2015. Sue has been Awarded a Lifetime Achievement for outstanding contribution to NHS Leadership as well as awarded an Honorary Doctorate from Derby University in recognition of contribution to health services in Derby and surrounding Region. Sue is now has a portfolio of Trustee and Non-Executive roles in the charitable and private sector.   |
| Fiona Creed                                    | Marketing Director at Linden Homes   |
| Chris Saunders                                 | Technical director at Linden Homes   |

# The CCDT Management Group comprises:

| Name                        | Background and experience  |
|-----------------------------|--|
| Clare de Bathe              | Trust Director for the CCDT who is responsible for overall day-to- |
| (Chair) CCDT Trust Director | day management of the project (both pre and post operation).       |
|                             | Clare has worked for the CCDT since 2012 and has 17 years          |
|                             | experience working in the voluntary sector and is experienced in   |
|                             | governance, fundraising and multiagency work. Clare has            |
|                             | previously worked for HMRC and the National Criminal               |
|                             | Intelligence Service. Prior to taking up the role at the CCDT, she |
|                             | worked for an educational charity in Hampshire.                    |
| Tim Morgan                  | Trustee - Tim has lived in Chichester since 1974 and worked as a   |
| Chichester Resident, CCDT   | Chartered Engineer in the aerospace industry and the academic      |
| Trustee                     | world before retiring. He has gained a detailed knowledge of       |
|                             | Graylingwell Club House and volunteers to maintain the building,   |
|                             | and is a founding member of the steering group. He is a licensed   |
|                             | Reader in the Diocese of Chichester, and is also involved in the   |
|                             | development of two schools and an orphanage in the Kibera slum     |
|                             | in Nairobi.  |

| Lina Poskitt                | Office Coordinator - Lina has a background in graphic design and       |
|-----------------------------|--|
|                             |  |
| CCDT Projects Manager       | web development and has recently undertaken a brand re-design          |
|                             | for the CCDT and the development and installation of the new           |
|                             | website. Lina works with the CCDT to develop systems, manage           |
|                             | the marketing and oversee the work of the bookings administrator       |
|                             | and support staff.   |
| Angie Bacon                 | Angie is employed by the CCDT as the Community Development             |
| CCDT Community              | Officer for Roussillon and Graylingwell Park. Living in West Sussex,   |
| Development Officer         | she has more than 10 years' experience working in the Voluntary        |
|                             | and Charity sector, including developing a Community                   |
|                             | Engagement project for older people.                                   |
| Dave Hyland                 | David is a critical friend of the CCDT and supports us in all areas of |
| Community Manager at        | our work and development. Currently Community Manager at               |
| Chichester District Council | Chichester District Council and member of the CCDT Management          |
|                             | Group David supports and acts as an adviser on asset transfer and      |
|                             | is our main CDC point of contact.                                      |
| Peter Day                   | A new resident of Roussillon Park and the vice chair of the            |
| Roussillon Park resident    | residents' association at Roussillon Park, Peter is keen to be         |
|                             | involved in the CCDT day to day management functions. With an          |

### CHICHESTER COMMUNITY DEVELOPMENT TRUST - GOVERNANCE AND MANAGEMENT

### 8.3 Our Partners and Stakeholders

The CCDT key partners and stakeholders are from a number of sectors and include voluntary, public and private sector employers and individuals. The CCDT:

- is part of a regional network that supports development trusts to make sure the development trust works as part of a broad provision, to share good practice and expertise
- is a member of Locality and attends the SE network meetings and works closely with other members including West Itchen Development Trust to share stories, expertise and issues

- has a sound working relationship with local and national housing developers, housing associations, City, District and County councils as well as the NHS and voluntary sector organisations who utilise our services
- works closely with the local PCSO and West Sussex Police to share information and to ensure community safety
- works in partnership with a number of youth organisations including Outset Youth action to share information and ways of working and is a member of national youth organisations including Ambition and UK Youth
- works with local residents to help them achieve their goals of setting up community provision in their locality and we offer them support through the provision of weekly community cafes and other community engagement events and networking opportunities to promote their business and services
- Is a member of VAAC the voluntary sector infrastructure organisation in West Sussex and Arun
- Is a member of the Chichester Chamber of Commerce and Industry and are well networked with local business and provision in the city and attends a number of training and support events with the CCCI every year.

The CCDT has been asked to share our knowledge on working with developers and s106 arrangements and is currently delivering training and support to proposed new community development organisations on large developments in Ebbsfleet, Whitehill and Bordon, Ashford, Chillmington, Runnymede, The Steadings and Longcross garden Village.

### 8.4 Role of Volunteers

The CCDT's volunteer teams (currently 27 active volunteers) will play a significant role in the running and development of the Club House and facilities. All volunteers will be given a full induction and will complete the CCDT volunteer pack — data will be recorded to log the volunteer hours and activities and a DBS check will be completed where required.

### 9. Assessing Risk

The CCDT staff team and Steering Group regularly meet to evaluate and mitigate against the risks involved with running community assets. Overall responsibility for the risks lies with the Board of Trustees and two members of the Board, Phil Miles and Matt Parsonage have taken a lead role on the board to manage the risk register and report for the project. External support and input has also been received from Clarion Housing Group Risk team who have inputted into the process and supported the CCDT staff team in preparing the risk reports.

### Main Objectives of the risk reporting:

- To effectively monitor risks
- To ensure the risk register is maintained in line with developments
- To ensure that all project participants involved in the project monitor risk and inform the Trust Director of any risks

### 9.1 Development Phase – January 2019 to March 2019

The following details the risks identified during the development stage of the project:

| Risk  | Likelihood | Impact                                       | Mitigation   | Who will lead this                    |
|---|------------|--|--|---------------------------------------|
| Organisational – Lack of skills and   | Low        |  | Strengthened internal team,  | Trust Director                        |
| knowledge to develop<br>the project to final<br>approval and<br>realisation |            |  | have previous experience.  | Project<br>coordinator                |
| Organisational – Small staff team and capacity of team                      | Low/Medium | Staff turnover, capacity to deliver project. | Retain key staff members and upskill further staff and volunteers to take on new roles with the project.   | Trust Director                        |
| Management – Trust<br>Director or other key<br>team member lost             | Medium     | Disruption, loss of knowledge.               | Team approach to project to reduce single person dependency, excellent recording of project documentation. | Management<br>Group<br>Trust Director |
| Social - Lack of community engagement in                                    | Low        | Project lacks community ownership and        | Continue community engagement strategy. Additional staff resources   | Management<br>Team                    |
| planning the project  |            | content.                                     | from start of development stage.   | Trust Director Project                |
|   |            |  |  | Coordinator                           |
| Social - Lack of community involvement in                                   | Low        | Project lacks<br>community<br>ownership –    | Management Group allows local community to participate fully in key  | Management<br>Team                    |
| decision-making on project  |            | increased risk of objection.                 | project decisions. Key options and decisions   | Trust Director                        |

| Risk   | Likelihood | Impact   | Mitigation  | Who will lead this                                  |
|--|------------|--|---|---|
|  |            |  | subject of public consultation.   | Project<br>Coordinator                              |
| Social - Loss of<br>volunteer input to<br>development<br>of project            | Medium     | Project lacks<br>community<br>ownership –<br>much less can<br>be achieved. | Implement volunteer strategy; work with CVS, and community development officer and volunteering partners. | Trust Director  Community  Development  Coordinator |
| Environmental - Freak<br>weather conditions,<br>flooding, etc disrupt<br>works | Medium     | Delay to programme, failure to achieve planned outcomes and cost increases | Adequate contingency allowed in programme and cost plan.  | Carla Homes/<br>Hanbury<br>Properties               |
| Environmental -<br>Problems meeting<br>sustainability target<br>for building   | Medium     | Unsustainable<br>scheme  | Close consultation throughout with building control.  | Carla Homes/<br>Hanbury<br>Properties               |

| Risk   | Likelihood | Impact  | Mitigation   | Risk Owner                                    |
|--|------------|---|--|---|
| Technical - Inadequate maintenance budgets for upkeep of the Club House and landscapes areas | Medium     | The Club House<br>and the<br>surrounding<br>landscaped<br>areas<br>deteriorates | Establish appropriate budgets with design team in development stage.  Ensure the CCDT is funded to carry out maintenance.  | Management<br>Group<br>The CCDT staff<br>team |
| Technical - Poorly managed maintenance of building   | Low        | The Club House and the surrounding landscaped areas deteriorates                | The CCDT to oversee cyclical, contractual and day to day maintenance.  The CCDT Board of Trustees to maintain responsibility for major works.  Trustees and Steering Group to agree and monitor annual/rolling maintenance plan. | Management<br>Group<br>The CCDT staff<br>team |
| Technical - Major<br>plant or equipment<br>failures  | Medium     | May force<br>closure or<br>emergency<br>repair                                  | The CCDT to maintain responsibility for major breakdowns.  | Steering<br>Group<br>The CCDT staff<br>team   |

| Risk  | Likelihood | Impact   | Mitigation  | Risk Owner   |
|---|------------|--|---|--|
|   |            |  | Parties to agree callout/<br>maximum repair time<br>agreement.  |  |
| <u>Financial</u> -Premises<br>and supply costs<br>escalate beyond<br>those forecasted                       | Medium     | The CCDT may<br>Overrun<br>expenditure<br>budgets and<br>incur deficits                | Business plan to be robust,<br>benchmarked, tested against<br>design and subjected to<br>sensitivity analysis.  | The CCDT<br>Steering<br>Group<br>The CCDT staff<br>team                    |
| <u>Financial -</u> Events and hires do not achieve targets  | Medium     | Shortfalls in income, deficits to the project and income.                              | Must be set as a key task for the CCDT team. Specialist marketing through agents/ events, partnerships with local business.                             | The CCDT staff team  Community Development Officer  Facilities Coordinator |
| Financial - Income<br>slow to build post-<br>opening  | Low/Medium | Shortfalls in income, deficits to the project and income.                              | Early establishment of the CCDT for early planning and implementation of business plan.  Delivery of pre - launch activities and campaigns.             | The CCDT staff team  Community Development Officer/ Facilities Coordinator |
| Organisational - Trustees and steering group loose key members and do not fill skills needed for governance | Low        | The CCDT does<br>not<br>have skills to<br>exercise<br>excellent<br>governance          | Establish governance skills map. Early recruitment of trustees and steering group members in phases.  Build up Trust capacity across period to opening. | The CCDT<br>Board of<br>Trustees   |
| Organisational - Changes to tax and other regimes (e.g. VAT, Gift Aid, Etc.) change                         | Medium     | Adverse financial outcomes   | Monitor policy directions and plan/ budget accordingly.  Early reaction of policy shifts  | The CCDT board of Trustees Trust Director                                  |
| <u>Legal -</u> Injury to or claim by member of the public   | Low        | Crisis incidents<br>may cause<br>closure or<br>serious legal/<br>financial<br>outcomes | Develop health and safety as part of all roles.  Emphasise risk identification & avoidance. Insurances in place and checked.                            | The CCDT Board of Trustees Trust Director                                  |

| Risk   | Likelihood | Impact  | Mitigation   | Risk Owner                                |
|--|------------|---|--|---|
| <u>Legal -</u> Health and safety infringements/incidents       | Low        | Incidents may<br>cause serious<br>legal/financial<br>outcomes, or | Develop health and safety as part of all roles.  Emphasise risk identification | The CCDT<br>Board of<br>Trustees          |
|  |            | prosecution   | & avoidance. Insurances in place and checked.                                  | Trust Director The CCDT staff team        |
| <u>Legal - Infringements</u><br>of charity law/<br>regulations | Low        | May lead to loss of resources, fines or prosecution               | Trust established on best practice.  Annual audit/ reporting of governance.    | The CCDT Board of Trustees Trust Director |
|  |            |   |  | The CCDT staff team                       |

### **10. Monitoring and Evaluation**

In order to evaluate the success of this Business Plan and ensure we are meeting the needs of our target audience and objectives set, we will (as with all the CCDT projects) undertake a range of monitoring and evaluation activities. The results of the evaluation will be used to improve our service offerings and adapt marketing activities as required, as well as generate revenue streams that can serve to fund the running of the building.

A range of qualitative and quantitative evaluation techniques and methodologies will be used to measure the impact of the project including but not limited to:

### Quantitative Measures:

- Recording the number of sessions and events
- Recording the number and profile of event participants
- Recording the type of events undertaken
- Evaluation of sample sessions through questionnaires and individual interviews
- Recording number and profile of volunteers
- Review and regular progress meetings with volunteers, partners and staff.

### Qualitative measures including:

- Feedback from staff and volunteers from visitors
- Feedback on the hiring process
- Press analysis
- Collaborators/partners say that they have benefitted from working with each other
- Each partner organisation has expanded its skills.

This range of quantitative and qualitative measures will be used to evaluate if the business model is:

- Meeting the % figures of the priority target audiences for development
- Achieving annual target number of activities, number and profile of people attending
- Achieving target number of volunteers

The management of the Club House is one of several different initiatives being undertaken as the CCDT takes on the management of buildings and sites that will offer new opportunities for local residents.

### 11. Organisational Impact

This project will raise the profile of the East of the city and provide a venue to deliver new programmes and will enable additional funding and projects to be secured.

The project will have the following impact on the organisation:

- The CCDT will be better known in the local community through its collaborative working with local organisations supporting health and well-being, and with the opening of the Club House as a place for the local community.
- Expand services and activities The Club House will become a hub for the local community delivering activities that meet the needs of the local population.
- Generate additional revenue streams
- Improve the quality of products and our service
- Purchase, expand, develop or refurbish premises and land
- Replace grants with trading.

The Club House will also have the following impact on the community:

- Engage young people in positive activities
- Support children and their families through free or low costs programmes
- Promote health and well-being courses and activities
- Enable local residents to gain new skills and confidence through volunteering, training, advice and guidance
- Increase the number of activities and back to work programmes.

The increased operations of the Club House will be managed by the recruitment of further volunteers to take part in the running of the venue and its activities, and paid staff who will manage the scale up of activities. It is planned that the Club House will become an income generator for the CCDT and will cover all its running costs as well as the running costs of the associated land. Our organisational reserves ensure that we have six months running costs in the bank as well as a sink fund for listed buildings including the Club House for repairs and upgrades in the future.

### 12. Press and Communications

The key features of the Club House and facilities will be highlighted in our marketing strategy. Full use will be made of a range of communication channels to ensure all potential users are aware of the facilities available. Promotion will be carried out through the local media and use will be made of the CCDT website and online social networking services including a Facebook page and twitter account. A register of local organisations will be maintained and publicity materials will be regularly distributed via a mailing list and through email.

The marketing strategy will include an effective means of communicating and consultation with the local community to ensure that its needs and interests are understood and that services and facilities being provided by the CCDT reflect the changing needs of the local population. Statistical records will be maintained to monitor usage, improve performance and inform the marketing strategy. The CCDT has a proven track record and established vehicle for community engagement and this will integrate well with the activities of the Club House.

The CCDT strives to maintain a strong communications and marketing presence through a wide variety of media and has a good relationship with local organisations providing communication channels:

- Media and press releases are regularly issued in newspapers widely read in Chichester and its surrounding areas.
- The CCDT's updated and new website has given the organisation a vital boost in connecting with organisations, residents and those further afield and over that period it has, month on month, received an increasing number of unique hits. It has become the principal means of booking the CCDT's community venues, as well as publicising other activities and the popular "What's on Guide".
- The CCDT has Facebook, Instagram and Twitter profiles, which have proved very successful in attracting local residents, schools and organisation and has a good following with almost 900 likes on Facebook, 500 followers on Instagram and 1400 followers on Twitter.
- The CCDT produces regular blogs and news items, which are posted on the website and via the social media channels. Guest bloggers including the youth team, garden group and Club House Steering Group often contribute to these stories.
- A monthly e-newsletter is sent to over 400 email addresses and the engagement through this newsletter is excellent.
- Marketing of events is delivered through our quarterly "What's on Guide" which is available in the local area as well as electronically through our newsletter, social media channels and the website. Posters are also displayed outside our community venues and on a further 8 notice boards in the local area.
- We have excellent connections with the City and District councils and our marketing is distributed through their marketing channels to help us reach a wider audience.
- The CCDT is successful in gaining media coverage based on the organisation's strong connections in the local area and the interest in the former asylum. The CCDT will use these media channels to ensure that the appropriate level of communication is made at the right time.

# 12.1 Press and Communications Action Plan

| Action  | Where we are now  | Work to be undertaken in<br>Development Phase  | Responsibility   |
|---|---|--|--|
| Maintain and develop relationship with local media          | Strong links with local<br>media. To be<br>developed as<br>appropriate  | <ul> <li>Continue to issue strong stories to both local newspapers</li> <li>Generate more stories for local radio</li> <li>Produce material for on-line content</li> </ul> | Trust Director Community Development Coordinator Project Coordinator Bookings team             |
| Strengthen<br>regional media<br>presence                    | Respond to media<br>for press releases<br>and articles  | <ul> <li>Ensure all contact from<br/>media is accommodated</li> </ul>  | Trust Director Community Development Coordinator Project Coordinator Bookings team             |
| Maintain and develop use of social media                    | Facebook, Instagram,<br>Twitter, regular blogs<br>and e- newsletters  | <ul> <li>Continue to develop         <ul> <li>Facebook pages and event</li> <li>listings to broaden</li> <li>audiences</li> </ul> </li> </ul>                              | Trust Director Community Development Coordinator Project Coordinator                           |
